

# Syllabus for the Chinese Proficiency Test (HSK)

## Corrected English Translation

Source document: HSK 考试大纲, Center for Language Education and Cooperation, published 2025-11, effective 2026-07.

Translation policy: explanatory text, headings, task descriptors, topic labels, table labels, and grammatical category labels are translated into English. HSK vocabulary words are not translated when they appear as vocabulary items in lists or tables, or when they are cited as vocabulary examples in the body of the document. In vocabulary tables, the word column is preserved, while table labels and part-of-speech fields are translated. Hanzi lists and Chinese grammar forms/patterns are preserved as source-language items.

# HSK Task Syllabus

The task syllabus describes what learners can do in listening, speaking, reading, writing, and – at the higher bands – translation. The English below follows the original task sequence and preserves HSK vocabulary examples in Chinese.

## HSK Level 1 Tasks

### 1. Asking and answering basic personal information

- Can understand simple questions or introductions about personal information in gatherings, new-student registration, activities, and similar settings: name, nationality, age, gender, preferences, habits, identity, family members, friends, skills, and related information.
- Can ask for and answer the above basic personal information, briefly introduce it, and recognize it on business cards, ID cards, student cards, and short reading materials.

### 2. Asking and answering event information

- Can understand simple questions or introductions about daily event information, including date, time, place, direction/location, participants, and phone numbers.
- Can ask family members, friends, classmates, and others about such simple event information; answer questions about it; introduce it briefly; and read simple event information in public places such as hospitals, cinemas, and libraries.

### 3. Asking and answering object information

- Can understand simple questions or introductions about objects at home, in dormitories, shopping areas, and schools, including names of daily items and school supplies, size, quantity, quality, condition, age/newness, and other features.
- Can ask and answer simple questions about such objects, briefly introduce object names and features, and read simple names and descriptions of common objects, including size, quantity, and ownership.

### 4. Asking and answering weather information

- Can understand simple questions or introductions about whether the weather is good or bad, hot or cold, and related weather information for a place.
- Can ask and answer simple weather questions, briefly describe weather such as 冷热, 好坏, 雨雪, express simple weather preferences, and read short weather descriptions.

### 5. Asking and answering environmental/place information

- Can understand simple questions about what a place is like and simple introductions to common environments or venues such as 学校, 电影院, 超市.
- Can ask and answer simple questions about such places, including size, quality, direction/location, and likes or dislikes; briefly introduce a place; and recognize place names and directions on everyday signs.

### 6. Everyday verbal interaction

- Can understand and exchange simple polite expressions in gatherings, farewells, and first meetings, such as 你好, 谢谢, 对不起, 再见.
- Can understand and make simple questions or requests in daily interaction, including introductions, asking for help, making choices, and making or answering phone calls; can understand and express simple needs and moods; and can read simple polite expressions and statements of intention on social platforms, text messages, and emails.

### 7. Asking and answering food and dining preferences

- Can understand simple expressions about dining, including willingness to eat, dining companions, favorite foods, meals, food quality, and dining time and place.
- Can ask and answer simple questions about daily food, dining, and cooking; briefly introduce food preferences and cooking situations; and read some common food names in restaurants and supermarkets, such as 水, 牛奶, 苹果, 包子, 饺子.

### 8. Asking and answering travel information

- Can understand simple questions or introductions about means of travel and travel arrangements, such as ways, times, and destinations for 上班, 上学, and 外出.
- Can ask and answer simple questions about daily travel, briefly introduce one's own or relatives' and friends' travel information, conduct simple exchanges when asking for directions, and read basic information about common travel modes such as 火车 and 飞机.

## 9. Asking and answering product information

- Can understand simple product information from supermarket or shop staff, classmates, friends, and others, including product names, prices, and simple purchase intentions.
- Can ask simple questions about products, such as price and availability; answer such questions; express simple purchase intentions; introduce purchased goods by name and price; and read simple product labels such as name, price, and date.

## 10. Reporting illness and visiting the sick

- Can understand simple statements that someone is ill or wants to see a doctor; simple medical advice about eating, sleeping, and similar matters; and simple comfort from family or friends, such as 多休息.
- Can tell others when one is ill, express a simple wish to seek medical care, express a wish to visit a sick relative or friend, and offer simple comfort.

## 11. Exchanging information about leisure activities

- Can understand simple questions or introductions about daily leisure activities that someone likes, such as 看书, 唱歌, 看电视.
- Can ask family members, friends, and classmates about preferred leisure activities; answer simple questions about one's own or others' preferences and arrangements; briefly introduce those preferences and arrangements; and read simple leisure-activity information such as time and place.

## 12. Introducing study situations

- Can understand simple questions from classmates, teachers, and family members about study situations, or simple introductions by classmates or friends, such as school, subjects, and class time.
- Can ask and answer simple questions about study, briefly introduce one's study situation to teachers, classmates, and family members, and read basic course information in timetables, such as subject and time.

## 13. Exchanging school information and after-class activities

- Can understand simple questions or introductions about school situations and after-class activities, including basic information about the school, teachers, classmates, and after-class arrangements.
- Can ask and answer simple questions about school and after-class activities; briefly introduce one's school and after-class activities; and read such information in class schedules and student-information forms.

## 14. Exchanging work information

- Can understand simple questions or introductions about work from family members, colleagues, friends, or others, such as what work someone does, work time and place, and whether the work is liked.
- Can ask and answer simple questions about work or occupations, briefly introduce the occupations or work content of oneself, family members, and friends, and read simple descriptions of a person's work or an occupation.

## 15. Asking and answering about traditional Chinese food and drink

- Can understand simple questions or introductions about traditional Chinese eating and drinking habits, such as what Chinese people like to eat or drink.
- Can ask simple questions about traditional Chinese food and drink, briefly introduce traditional eating habits, express one's own or family members' preferences, and read simple menu information such as 包子, 饺子, 面条儿, 茶.

# HSK Level 2 Tasks

## 1. Asking and answering basic personal situations

- Can understand simple questions or introductions about personal situations in gatherings, games, and similar settings, including appearance, clothing, birthday, identity, habits, hobbies, and place of origin.
- Can ask and answer simple questions about these matters, introduce them briefly, read them in registration forms, questionnaires, and resumes, and fill in personal information such as one's or a family member's name, age, and birthday.

## 2. Asking and answering event situations

- Can understand simple questions or introductions about events in daily life, including people involved, time, manner, address, reason, change, and state.
- Can ask and answer simple questions about events, briefly introduce the basic situation of an event, read sentences or short texts about event information, reasons, and changes, and write simple information such as time and direction on activity forms or picture books.

## 3. Asking and answering object situations

- Can understand simple questions or introductions about objects at home, in supermarkets, schools, bookstores, and similar settings: name, color, quantity, location, features, and differences from other objects.
- Can ask and answer simple questions about daily objects, briefly describe and compare object features, read simple descriptions of common objects, and write names and quantities of common items on forms or labels.

#### 4. Introducing basic weather situations

- Can understand simple questions or introductions about weather quality, cloudy/clear conditions, and whether the weather feels comfortable.
- Can ask and answer about such weather information, briefly introduce weather conditions in a place, express simple preferences, and read simple descriptions such as comparisons of cold/hot or cloudy/clear conditions.

#### 5. Introducing a place

- Can understand simple questions or introductions about an environment or place such as a school, new home, or station, including distance and location.
- Can ask and answer simple questions about a place, briefly introduce the place, and read short written descriptions of it.

#### 6. Everyday verbal interaction

- Can understand and exchange polite expressions for greetings, festivals, receiving help, causing inconvenience, and seeing someone off, including simple small talk, wishes, thanks, apologies, and farewells.
- Can understand and make simple questions or requests in settings such as going out, gatherings, school, and work, including asking for help, discouraging or advising, making choices, making suggestions, and giving gifts.
- Can understand and express simple evaluations, feelings, and moods, and read simple greetings and thanks in greeting cards and text messages, such as 新年快乐, 快乐每一天, 谢谢您.

#### 7. Asking and answering about daily food and meals

- Can understand simple questions or introductions about eating habits and dining situations, including food preferences, daily meal patterns, restaurant preferences, food evaluations, and cooking ability.
- Can ask and answer simple questions about daily eating habits and meals, introduce one's habits and cooking ability, and read simple menu information and short statements about food preferences and dining with the help of pictures.

#### 8. Asking and answering about travel situations

- Can understand simple questions when someone asks for directions and can give directions; can ask for directions and understand simple direction information such as direction of movement, position, route, duration, and transport information.
- Can understand simple questions or introductions about travel arrangements and travel feelings, including schedule, purpose, ticket purchase, transport, and feelings; introduce travel arrangements and feelings; recognize destination information on road signs, station signs, and maps; and read simple written introductions about travel situations.

#### 9. Asking and answering about product situations

- Can understand simple descriptions by sales staff, family, or friends about product name, color, quantity, price, differences, and evaluations, and simple introductions to product choice and purchase situations.
- Can describe such product information simply, exchange basic information such as price and features, read simple product descriptions, and write basic product information.

#### 10. Asking and answering about illness and visiting the sick

- Can understand simple questions or introductions from family, friends, classmates, doctors, and others about illness, medical treatment, and medication, including health condition, personal feelings, cause of illness, medication, and medical advice.
- Can ask and answer such questions, briefly introduce one's own illness and treatment, tell a sick relative or friend about visit plans, express simple comfort and suggestions, and read basic information such as dosage frequency on a prescription.

#### 11. Exchanging information about leisure activities

- Can understand simple questions or introductions about daily leisure activities, such as 旅游, 上网, 跳舞, 跑步, and ball sports.
- Can ask and answer simple questions about activities and arrangements, introduce one's own activities and plans, read simple introductions to others' leisure activities, and write basic information such as the time of one's or a family member's leisure activity.

#### 12. Introducing daily family life

- Can understand simple introductions by family members or friends about family relationships and family activities, including family members, birthdays, habits, and household division of labor.
- Can briefly introduce these aspects of family life, read simple descriptions of them, and fill in key information such as who and when in a family daily-life activity form.

### 13. Introducing study situations and study experience

- Can understand simple questions or introductions about study situations and study experience, including study schedule, learning results, common school supplies, classroom activities, examinations, learning methods, school attended, study period, and educational stage.
- Can ask and answer simple questions about ordinary study and study experience, briefly introduce these matters to teachers, classmates, and family members, and read related basic information in a study plan.

### 14. Exchanging school information and after-class activities

- Can understand simple questions or introductions about school situations and after-class activities, including school environment, classrooms, students, and arrangements and processes of after-class activities.
- Can ask and answer simple questions, briefly introduce one's school and after-class activities, and read simple introductions about these matters.

### 15. Exchanging work situations

- Can understand simple questions or introductions about work and occupations, including where one works, work environment, work time, work feelings, and occupational evaluations.
- Can ask and answer simple daily questions about work and occupations, introduce one's own or others' work and occupational situation, read such information in work logs or person profiles, and write simple information such as time and place.

### 16. Introducing 过年 and traditional food

- Can understand simple questions or introductions about 过年, including when it occurs, what is eaten, whether it is fun, and what people say.
- Can ask and answer simple questions about 过年, briefly introduce facts such as the date, whether it is fun, saying 过年好, and eating 饺子, read simple introductions, and write simple wishes such as 过年好.

### 17. Using Chinese forms of address

- Can understand Chinese forms of address in daily conversation, such as 王先生.
- Can appropriately use forms such as surname + occupation (张老师) and surname + kinship term (张爷爷), and read forms of address at the beginning of notes, greeting cards, and letters.

## HSK Level 3 Tasks

### 1. Introducing personal situations

- Can understand, ask, and answer general questions about personal information and personal features in contexts such as airport pickup, looking for a person, looking at photos, and talking about friends: appearance, personality, clothing, contact details, occupation, and marital status. Can introduce a person, read simple descriptions such as missing-person notices and profiles, and write one or two sentences describing a person.

### 2. Communicating about and handling daily affairs

- Can understand ordinary statements about lost objects, leave requests, requests for help, borrowing and returning objects, and procedures such as bank cards, phone cards, and passports. Can explain one's situation, inquire, seek help, handle affairs, narrate cause/process/result, read notices and requirements, and write one or two sentences about an affair.

### 3. Everyday interaction

- Can understand and exchange general polite expressions in meetings with friends, meetings, and workplace gatherings, such as thanks, apologies, wishes, and praise. Can understand and express intentions such as suggestions, decisions, choices, feelings, and attitudes; read and write such polite expressions and intentions on social platforms, text messages, and emails; and briefly describe feelings or decisions.

### 4. Exchanging food and dining information

- Can understand and discuss general questions or introductions about food, drink, eating habits, and dining situations, such as preferred foods, usual ways of eating, ordering, 外卖, restaurant ordering, service, and dish information. Can introduce foods and drinks, describe dining experience, read short social-media or reading texts about dining, and write one or two sentences about one's eating habits or meals.

### 5. Talking about transportation and travel

- Can understand and discuss general information about transportation and travel around weekends, festivals, and vacations: modes of travel, arrangements, experiences, and traffic rules. Can introduce travel choices such as 高铁 or cycling, destinations, itinerary, precautions, process and feelings; read simple introductions; and write one or two sentences about plans or experiences.
6. Exchanging shopping information
- Can understand sellers' general questions or explanations about selecting products, including descriptions, similarities and differences, and evaluations. Can ask about products, describe basic features, express purchase needs, bargain, narrate shopping processes and feelings, read simple texts about shopping or product information, and write one or two sentences describing shopping or a product.
7. Talking about medical visits, visiting the sick, and health ideas
- Can understand and discuss general questions or introductions about illness, medical treatment, visiting the sick, and health ideas: symptoms, condition, medication, visit process and feelings, exercise habits, healthy diet, and lifestyle concepts. Can narrate one's experience and health ideas, read simple texts about medication use, medical advice, health ideas, and medical visits, and write one or two sentences about illness or healthy living.
8. Talking about leisure life
- Can understand and discuss general leisure activities, activity experiences, and feelings, such as travel, vacation, cycling, photography, exercise, gatherings, chatting, music, and keeping pets. Can introduce reasons for choosing activities, arrangements, process and feelings; read short texts on leisure life; and write one or two sentences about a leisure-life aspect.
9. Talking about living situations
- Can understand and discuss general living situations in contexts such as gatherings and moving into a new home: neighborhood, housing, household items, and room layout. Can ask and answer questions, briefly introduce one's living situation, read short descriptions, and write one or two sentences about where and how one lives.
10. Talking about habits, family relationships, and family affairs
- Can understand and discuss general family-life topics such as personal and family habits, caring for older family members, raising children, moving house, and division of household work. Can introduce one's own and family members' habits, relationships, and affairs; read simple texts; and write one or two sentences about these topics.
11. Communicating about study situations
- Can understand and discuss course information, learning activities, learning environment, and study experience, including course information and progress, classroom activities, methods, conditions, and study abroad. Can introduce one's study situation, read emails or short texts, and write one or two sentences about a study plan or study situation.
12. Exchanging information about campus life
- Can understand and discuss campus activities and school situations, including schedules, campus news, sports meets, and campus environment. Can introduce campus life, read emails or simple texts about campus life, and write one or two sentences about a school or campus-life aspect.
13. Talking about family education
- Can understand and discuss general questions, introductions, and opinions about family education, including educational ideas and methods and children's schooling. Can ask and answer questions, introduce one's own situation and views, read simple texts, and write one or two sentences about an aspect of family education.
14. Exchanging daily office information
- Can understand and discuss general office matters, work performance, office environment, and colleague relations, including schedules, meetings, emails, attendance, work attitude and ability, office equipment, and colleague relationships. Can introduce office situations, read simple notices and schedules, and write one or two sentences about basic office information.
15. Talking about occupations
- Can understand and discuss general work experience and occupational evaluation, including job changes, occupational wishes and choices, occupational status, and overall evaluation. Can introduce and express views about one's own or a family member's occupation, read simple texts, and write one or two sentences about occupational information or experience.
16. Talking about nature

- Can understand and discuss general questions about climate, seasons, animals and plants, and natural scenery, such as regional climate features, common climate phenomena, seasons, 大熊猫, 树木, and scenery. Can introduce related natural information, read simple texts, and write one or two sentences about recent weather, a favorite season, or similar topics.

#### 17. Introducing a place' s environment and environmental protection

- Can understand and discuss a place' s environmental condition and environmental protection, including location, features, practices, and views. Can introduce the place and its environmental-protection content, read simple texts, and write one or two sentences about it.

#### 18. Exchanging information about an aspect of social life

- Can understand and discuss aspects of modern life and urban development, such as 高铁, new payment methods and their influence, roads, facilities, and development of modern cities. Can introduce what one knows or has experienced, read simple texts, and write one or two sentences about such experiences, such as taking 高铁 or using mobile payment.

#### 19. Exchanging information about literary and artistic activities

- Can understand and discuss general information about performances, programs, or competitions, including main content, performers, and popularity. Can introduce an activity, read posters or simple texts, and write one or two sentences about a literary or artistic activity.

#### 20. Introducing sports and competitions

- Can understand and discuss general information about sports such as 网球 and 羽毛球 and competitions, including event names, competition information, and participants. Can introduce sports and competitions such as 排球, 网球, 羽毛球, read simple texts, and write one or two sentences about a competition.

#### 21. Introducing Chinese-style food and tableware

- Can understand and discuss general questions or introductions about Chinese-style food and tableware, including what tea and wine Chinese people drink, Chinese dishes and staples, and Chinese tableware. Can introduce these topics and read simple texts about them.

#### 22. Introducing Chinese traditional customs

- Can understand and discuss general questions or introductions about Chinese festivals, regional differences, and customs, such as 中秋节 customs, 春节 customs, and north-south lifestyle and cultural differences. Can introduce these customs and read simple texts about them.

## HSK Level 4 Tasks

### 1. Talking about a person

- Can understand, ask, and answer somewhat complex questions about a familiar person or public figure, including resume, family and occupational background, appearance, dress, personality, and influence. Can give a relatively fluent general introduction, read general descriptions, and write a paragraph describing such a person.

### 2. Communicating about and handling daily affairs

- Can understand and handle somewhat complex service and help-seeking situations, such as express delivery, certificates, membership applications, legal consultation, police assistance, translation consultation, and broadcast searches for people. Can explain situations, inquire, seek help, narrate experiences, read forms and notices, and write a short account, service feedback, evaluation, or help-seeking letter.

### 3. Everyday verbal interaction

- Can understand and produce somewhat complex courteous, praising, congratulatory, encouraging, and apologetic language in daily interaction, study advancement, promotion, good competition results, and mistakes. Can read congratulatory letters, good-news notices, and apology letters, and write common expressions for cards, guest books, and emails.

### 4. Talking about emotional topics

- Can understand and discuss somewhat complex questions, experiences, and views about emotions and reflections, such as 爱情, 友情, 亲情, and 理想. Can narrate related experiences and views relatively fluently, read general texts, and write a paragraph about these topics.

### 5. Introducing food and dining situations

- Can understand and ask somewhat complex questions about foods, drinks, dining, and dish preparation, including flavor, types, characteristics, restaurant environment and service, preparation process, and experience. Can introduce the information, read short introductions online or in restaurants, and write a

paragraph about a food, restaurant, dining experience, or preparation process.

#### 6. Talking about transportation and travel

- Can understand and discuss somewhat complex travel questions and introductions, including travel experiences and passenger transportation. Can introduce travel choices, itineraries, hotel reservations, driving, road conditions, passenger service, routes, experiences, and feelings; read related texts; and write a paragraph sharing travel experiences.

#### 7. Exchanging shopping experiences and commercial activities

- Can understand and discuss somewhat complex shopping and commercial topics: online shopping, brand selection, expenses, environment, service, payment methods, discounts, promotions, and advertising. Can introduce one's shopping experience or commercial activities, read relevant descriptions and activity information, and write a paragraph about them.

#### 8. Talking about medical treatment and healthy living

- Can understand and discuss somewhat complex questions and introductions about medical treatment and healthy living, including symptoms, injuries, health condition, health ideas, and common knowledge. Can narrate one's experiences, read shared medical experiences or health content, and write a paragraph about illness, treatment, or healthy living.

#### 9. Exchanging hobbies, leisure, and vacations

- Can understand and discuss somewhat complex leisure activities, feelings, and opinions, such as reading, online activities, sport, fitness, singing and dancing, travel, and gatherings. Can narrate activities and views relatively fluently, read general texts, and write a paragraph about leisure activities and feelings.

#### 10. Exchanging living and community situations

- Can understand and discuss somewhat complex topics with friends, neighbors, community workers, agents, or landlords: living conditions, community life, rental and purchase, neighborhood environment, services, and housing conditions. Can introduce community information, read posts, notices, announcements, and rental/sale information, and write a paragraph about community life or housing.

#### 11. Exchanging family life situations

- Can understand and discuss somewhat complex family-life topics, including home goods and layout, family relationships, parent-child and grandparent-grandchild relations, growth experience, hometown, habits, and handling family matters. Can introduce these topics, read general texts, and write a paragraph about them or about one's views and feelings.

#### 12. Talking about teaching and learning situations

- Can understand and discuss somewhat complex teaching and learning topics, including courses, majors, teaching activities and requirements, examinations, academic planning, degrees, scholarships, methods, and feelings. Can exchange information, read general introductions or activity sheets, and write a paragraph or simple summary.

#### 13. Exchanging campus life

- Can understand and discuss somewhat complex campus activities and school situations, such as surveys about canteens and libraries, graduation parties, campus activities, grounds, campus environment, fees, and majors. Can introduce these topics, read general texts, write a paragraph, or fill in simple campus activity forms.

#### 14. Talking about educational phenomena and ideas

- Can understand and discuss somewhat complex family education, social education, schooling choices, influential educational ideas, hot educational topics, vocational education, and educational organizations. Can introduce one's understanding and views, read general texts, and write a paragraph about an educational experience, phenomenon, or idea.

#### 15. Talking about work situations and performance

- Can understand and discuss somewhat complex office work, work performance, and workplace interaction: arrangements, tasks, attitude, ability, colleague relations, mutual help, and team-building. Can narrate work details, read general introductions, and write a paragraph about these matters.

#### 16. Introducing career experience and workplace/institution situations

- Can understand and discuss somewhat complex career experience, workplace situations, job seeking, part-time work, job status and evaluation, job changes, recruitment, interviews, evaluation, environment, and benefits. Can introduce related information, read resumes and organizational news, and write a paragraph about work experience or workplace information.

#### 17. Talking about nature

- Can understand and discuss somewhat complex nature topics in daily conversation, visits, and tours: Earth, oceans, forests, climate, animals and plants such as 老虎, 熊, 树木, natural landscapes, stars, clouds, and weather phenomena. Can introduce a natural topic, read general explanatory texts, and write a paragraph about an animal, weather experience, or similar topic.

#### 18. Talking about environmental protection in life

- Can understand and discuss somewhat complex environmental conditions, pollution, environmental practices, ideas, and related regulations. Can introduce environmental conditions, stories, and practices, read general environmental texts, stories, or public tips, and write a paragraph about an environmental activity, experience, or practice.

#### 19. Introducing applications of new technology and scientific achievements

- Can understand and discuss familiar new technologies, popular science, and scientific achievements, such as 扫码支付, 无人机, life technologies, practical science knowledge, and simple research findings. Can introduce what one knows and express views, read simple introductions, and write a paragraph about a technology application.

#### 20. Introducing major Chinese provinces, cities, and ethnic groups

- Can understand and roughly introduce major Chinese provinces, cities, and ethnic groups, such as 中国首都, 北京, 云南, and features or distribution of some ethnic minorities. Can read simple introductions.

#### 21. Talking about economic phenomena

- Can understand and discuss somewhat complex everyday economic phenomena, including popular products, new business forms such as online shops, short videos, and home services, and economic conditions, problems, and future development. Can introduce and express views, read general texts, and write a paragraph about a product or shopping experience.

#### 22. Talking about social phenomena

- Can understand and discuss somewhat complex social phenomena such as views on marriage, consumption, online life and its effects, and popular things. Can introduce what one knows, express views, read general articles, and write a paragraph about a social phenomenon such as online life or a new city library.

#### 23. Introducing literary and artistic forms, activities, and works

- Can understand and discuss somewhat complex information about literary/art forms, activities, creators, and works, such as a novel, film, drama, performance, competition, singer, writer, or artist. Can introduce these topics, read general descriptions, and write a paragraph about a favorite work or creator.

#### 24. Talking about sports and competitions

- Can understand and discuss somewhat complex sports, competitions, sports figures, and stories, such as 乒乓球 and 排球 features, competition process, awards, team performance, and representative athletes. Can introduce these topics, read general descriptions, and write a paragraph about a sport or competition.

#### 25. Telling stories of China-foreign friendship

- Can understand and recount somewhat complex stories of China-foreign friendship and their influence, such as friendly cities and schools, cross-border friendship, study-abroad experience, and Chinese competitions. Can read and write short stories such as 我和我的中国朋友 or 我的留学经历.

#### 26. Introducing common sayings and famous quotations

- Can understand some common Chinese sayings and famous quotations introduced in conversation, explain them roughly and their main meanings, and read short texts introducing or interpreting them.

#### 27. Introducing traditional food culture

- Can understand introductions to traditional Chinese dining ideas, regional food characteristics, old shops, and brands, such as table etiquette, cultural meaning of foods, regional flavors, and century-old shops. Can introduce related information and write a paragraph about traditional food culture or customs in China or another country.

#### 28. Introducing customs and traditions

- Can understand introductions to Chinese traditional festival customs, national cultural treasures, local traditions, and interpersonal etiquette, such as 春节, 中秋节, 中国功夫, 京剧, folk likes and taboos, and etiquette toward friends and teachers. Can introduce related information and write a paragraph about a custom.

#### 29. Introducing scenic spots and historic sites

- Can understand, roughly introduce, read, and write about a Chinese scenic or historic site, such as 天安门 or 长城.

### 30. Introducing historical figures and events

- Can understand, roughly introduce, and read general descriptions of a Chinese historical figure or event, such as 孔子 or 老子.

## HSK Level 5 Tasks

### 1. Communicating about and handling daily affairs

- Can understand and discuss relatively complex service, procedure, and help-seeking situations such as customs clearance, delivery, insurance, utility payment, and assistance in legal, media, police, or life matters. Can explain, inquire, negotiate solutions, narrate experiences, read general regulations and notices, and write short texts about related experiences.

### 2. Talking about dining experiences

- Can understand and discuss relatively complex dining experiences: restaurant types and styles, dietary restrictions, suggestions, personal tastes, eating methods, preparation, ingredients, cooking methods, and experiences in markets, night markets, pedestrian streets, and other places. Can read general articles and write about experiences and feelings.

### 3. Talking about transportation and travel

- Can understand and discuss relatively complex transportation and travel topics, including vehicle use, freight transport and storage, travel routes and feelings, and driving. Can read travel-related articles and write about travel experiences and feelings.

### 4. Talking about shopping experiences

- Can understand and discuss product selection and consumption activities, including brand, use, quality, after-sales service, shopping experience, consumption modes, channels, and promotions. Can read product introductions, manuals, ads, and shopping-experience texts, and write about shopping experiences.

### 5. Talking about medical care and health

- Can understand and discuss injuries, illness, diagnosis, treatment, first aid, psychological health, health conditions, knowledge, ideas, and disease prevention. Can read general articles and write about experiences and feelings related to medical care and health.

### 6. Talking about leisure activities

- Can understand relatively complex expressions about leisure activities, feelings, reflections on life, and personal insights, such as outdoor sports, handicrafts, photography, travel, vacations, and exhibitions. Can narrate activities and feelings, read general articles, and write about leisure or life reflections.

### 7. Communicating about community life

- Can understand and discuss relatively complex community-life topics, such as environment, indoor conditions, decoration, public facilities, property management, safety, accidents, legal/illegal events, neighbor relations, community service, volunteer service, and rentals/sales. Can read notices, announcements, and service terms, and write emails or short texts about community life or problems.

### 8. Exchanging family life information

- Can understand and discuss home life, family activities, and family issues, including household items, furniture, appliances, weddings, parent-child activities, family values, relationships, and obligations. Can read general articles and write about family activities or views on family issues.

### 9. Reporting study situations

- Can understand and report relatively complex information about courses, teaching, study experience, and learning reflections in class meetings or experience-sharing meetings: curriculum, course content, teaching materials, disciplines, classroom situations, requirements, methods, writing, speeches, experiments, papers, certificates, goals, methods, and feelings. Can read reports or slides and write reports, plans, or summaries.

### 10. Sharing campus-life experience

- Can understand and share relatively complex campus activity and school information, including club promotion, experience sharing, student activities, training, lectures, campus procedures, accommodation, food, and faculty/department study. Can read articles or posters, write about experiences, and create campus activity posters.

### 11. Talking about education situations and problems

- Can understand and discuss relatively complex family, school, social, and vocational education situations, ideas, methods, and problems. Can introduce one's experiences or understanding, express views, read general articles, and write about education experiences and opinions.

## 12. Exchanging work content and work experience

- Can understand and discuss relatively complex work content and experience, including projects, business, plans, progress, internships, resignation, leaving a job, unemployment, and retirement. Can introduce and discuss work, read articles and briefs, and write about work content or experience.

## 13. Talking about business operation and management

- Can understand and discuss entrepreneurship, teamwork, employee training, hiring, personnel structure, pay, and enterprise development. Can introduce management and teamwork situations, read general articles, and write about experiences and views.

## 14. Talking about nature

- Can understand introductions to natural resources, geography, natural phenomena and laws, and animals and plants in popular-science lectures or museum visits, such as 水资源, 黄金, 沙漠, 陆地, 河流, 暴雨, 暴雪, 鼠, 兔, 虫, 猴子, 大象, 竹子. Can introduce these topics, read popular-science or news articles, and write about them.

## 15. Talking about environmental problems

- Can understand general reports and discussions about urban and rural environments, environmental protection, human influence, environmental change, pollution, and governance. Can introduce and discuss these problems, read news or explanatory articles, and write about them with views.

## 16. Introducing technological products

- Can understand introductions to development and application of technology products related to life, such as 机器人, 网络直播 technology, and intelligent products. Can introduce and discuss such products, read news or explanatory articles, and write about technology products.

## 17. Introducing scientific knowledge

- Can understand popular-science knowledge and research achievements, including everyday scientific knowledge, science in disciplines, and experiment processes and conclusions. Can introduce and discuss these topics, read articles, and write about scientific knowledge or achievements.

## 18. Introducing an overview of China

- Can understand and introduce China-related overview information such as administrative divisions, population, ethnic groups, education of residents, social status, social image, and spirit of the times. Can read and write about China-related overview topics and express views.

## 19. Talking about economic phenomena

- Can understand news and conversations about business activities and economic development, including products, exhibitions, cooperation, advertising, industries, enterprises, hot topics, and trends. Can introduce and discuss them, read news and articles, and write about economic phenomena with opinions.

## 20. Talking about social phenomena

- Can understand social phenomena such as people's livelihood, emerging things, social change, values about life/work/social contact/consumption, and infrastructure construction. Can introduce and discuss them, read news and articles, and write about a social phenomenon.

## 21. Talking about literary and artistic forms, knowledge, and works

- Can understand relatively complex introductions to literary/art forms, common knowledge, creators and works, and activities, such as novels, poems, photography, drama, film/TV, digital games, literary/art common knowledge, poets, directors, reading clubs, photo exhibitions, and film festivals. Can introduce, discuss, read, and write about these topics.

## 22. Talking about sports and events

- Can understand relatively complex introductions to sports, competitions, and sports figures, such as 跳高, 跳远, venue information, refereeing, opening and closing ceremonies, athlete growth stories, achievements, status, and influence. Can introduce, discuss, read, and write about sports, events, and figures.

## 23. Talking about international exchange events

- Can understand introductions or reports about international friendly exchange events, such as friendship stories, international visits, and cooperation cases. Can introduce and discuss such events, read reports and stories, and write about them.

## 24. Introducing the Chinese language and writing system

- Can understand introductions to sayings, idioms, famous quotations, and Chinese language phenomena, such as pronunciation, vocabulary, grammar, and characters. Can introduce common sayings, idioms, quotations, and

language phenomena, read interpretive articles, and write about a saying, idiom, or the Chinese language.

## 25. Introducing ancient Chinese folk traditions and cultural landscapes

- Can understand introductions in cultural activities, courses, and lectures to local food, regional differences, 端午节, 重阳节, legends, ancient daily life, and historic sites. Can introduce related content, exchange understanding and feelings, and read general articles.

## 26. Introducing traditional Chinese thought and art

- Can understand introductions to ancient thought, quotations, writings, calligraphy, 国画, folk music, 曲艺, 武术, and handicrafts. Can introduce these topics, discuss understanding and feelings, and read general articles.

## 27. Introducing Chinese history

- Can understand introductions to historical figures and events, including causes, process, results, backgrounds, stories, and status. Can narrate some ancient Chinese figures and events such as 唐朝, 宋朝, and 万里长城, discuss understanding and feelings, and read general articles.

## 28. Introducing ancient Chinese science and technology

- Can understand introductions to ancient Chinese scientific and technological achievements, scientific ideas, and scientists, such as 中医, agricultural achievements, traditional health ideas, and scientists' influence. Can narrate these topics, discuss understanding and feelings, and read general articles.

# HSK Level 6 Tasks

## 1. Communicating about and handling daily affairs

- Can understand and handle complex service and help-seeking situations such as municipal services, agency services, traffic violations, financial procedures, compensation, disability assistance, and disaster or danger relief. Can explain, inquire, negotiate, narrate experiences, read regulations and documents, and write articles about experiences or views.

## 2. Talking about food and drink

- Can understand and discuss complex dining experience and food-safety topics, including environment, service, methods, utensils, comprehensive food evaluation, nutrients, storage, and safety advice. Can read related articles and write about a dish-making process or memorable meal.

## 3. Talking about transportation and travel

- Can understand and discuss complex travel experiences and travel guides, including routes, scenery, reflections, wilderness survival, accident handling, and travel precautions. Can read articles and write about travel experiences or guides.

## 4. Talking about medical care and health

- Can understand complex introductions in daily conversations and health lectures about illness, symptoms, diagnosis, treatment, body organs, health concepts, physical/mental development, and health management. Can discuss one's own and learned information, read articles, and write about medical experiences or understandings of healthy living.

## 5. Communicating about community life

- Can understand and discuss complex community topics: environment, indoor facilities, utilities, housing, sanitation, convenience services, property management, maintenance, danger removal, entertainment, and neighbor relations. Can read articles, property-management rules, community covenants, and news, and write emails or articles about community life.

## 6. Exchanging study situations

- Can understand complex introductions by classmates, teachers, and experts about courses, teaching, and learners, including examinations, course types, disciplines and degrees, teaching resources, learner ability, characteristics, and performance. Can discuss these matters, read school webpages and campus social media, and write about academic situations and professional development plans.

## 7. Talking about campus life

- Can understand complex introductions about campus activities and school situations in presentations and visits, including activity planning and organization, public-interest activities, celebrations, academic activities, admissions, and student management. Can introduce and discuss campus life, read webpages and brochures, and write articles recommending a school or describing campus activities and management.

## 8. Talking about educational events and ideas

- Can understand introductions and discussions about educational events, ideas, and hot topics, including background, process, influence, purposes, principles, and requirements. Can discuss topics of public concern such as current primary/secondary education and changes in family education, read news and explanatory articles, and write about experiences or views.
9. Talking about work content and career positioning
- Can understand complex introductions and views about work planning, decision making, business contacts, reports, finance, career roles, responsibilities, and workplace interaction. Can report work content, discuss career views, read work reports, and write briefs or career-planning articles.
10. Talking about business operation and management
- Can understand introductions about personnel management and enterprise development, including job seeking, duties, posts, evaluations, benefits, founding, enterprise culture, opportunities, and prospects. Can introduce and discuss such information, read articles, announcements, and news, and write about an enterprise or management views.
11. Talking about geography, climate, and natural resources
- Can understand popular-science lectures, museum explanations, and nature programs about geographical divisions, landforms, natural phenomena, animals and plants, resources, and laws, such as 南北极, 七大洲, 草原, 高原, 雷电, 台风, 彩虹, 石油, 金属, 能源. Can introduce, read, and write about these topics.
12. Talking about environmental problems
- Can understand introductions and reports about natural disasters, energy development, conservation and environmental protection, and infrastructure, such as 洪水, 火灾, 旱灾, 风能, 水能, 电能, 太阳能, 低碳生活, 节能减排, bridges, and buildings. Can introduce and discuss them, read articles and news, and write with views.
13. Introducing technological products
- Can understand popular-science programs and conversations about life-related and information-technology products, such as aviation products, new-energy products, human-health products, high-tech products, 人工智能, 智能制造, 智慧城市, 电子商务. Can introduce, discuss, read, and write about technology development.
14. Introducing scientific knowledge
- Can understand introductions to popular-science knowledge, research achievements, and science-popularization work, including everyday and safety knowledge, achievements and influence, and activities of science communicators. Can introduce and discuss them, read related articles, and write about a life-related science topic.
15. Talking about economic phenomena
- Can understand business, investment, finance, consumption, and economic development topics: production and sales, negotiations, trade, banking, stocks, funds, savings, consumer rights, debt, disputes, crises, and opportunities. Can introduce and discuss them, read news and articles, and write about economic news or events with views.
16. Talking about social phenomena
- Can understand topics such as livelihood development, emerging things, trends, public-interest activities, and hot news: social welfare, public health events, housing security, aging, marriage, childbirth, new media, culture and tourism, image, aesthetics, social morality, donations, public causes, public figures, and illegal events. Can introduce, discuss, read, and write about social phenomena.
17. Talking about literary and artistic forms, activities, and works
- Can understand introductions to forms, common knowledge, creators and works, and activities, such as painting, fairy tales, drama, animation, digital games, painters, calligraphers, dramatists, animation creators, exhibitions, book fairs, and reader meetings. Can introduce, discuss, read accessible contemporary literary works, and write evaluations.
18. Talking about sports and events
- Can understand sports introductions and news, such as 滑雪, 滑冰, 体操, 田径, 跳水, 台球, 棒球, event preparation, venues, fields, sports figures, and stories. Can introduce and discuss them, read articles, and write about sports, events, or figures with reflections.
19. Talking about international activities and China-foreign friendly exchanges
- Can understand reports about international activities and friendly exchange events, including conferences, exhibitions, people-to-people exchanges, cultural exchange, and multi-field cooperation. Can introduce and discuss these events, read articles, and write about them.
20. Introducing the Chinese language and writing system

- Can understand introductions to ancient poems and language phenomena, including poets, famous lines, 成语, 俗语, and 方言. Can introduce common ancient poems and language phenomena, read general interpretive articles, and write about them.

#### 21. Introducing ancient Chinese folk traditions and cultural landscapes

- Can understand introductions to traditional festivals and customs such as 元宵节, 清明节, 端午节, myths and local legends, scenic sites, traditional dwellings, towers, and bridges. Can introduce, discuss, read general articles, and write about a folk tradition.

#### 22. Introducing traditional Chinese thought and art

- Can understand introductions to 儒家 and 道家 thought, representative figures, traditional folk songs, 相声, 戏曲, handicrafts, famous masters and works, and aesthetic images such as 梅兰竹菊. Can introduce and discuss them, read general articles, and write about an idea or art form.

#### 23. Introducing Chinese history

- Can understand introductions to Chinese historical figures, objects, events, and dynasties, such as 秦始皇, 兵马俑, 春秋时期. Can introduce and discuss topics such as 秦始皇统一中国, 唐朝 and 宋朝 prosperity, and 万里长城, read general articles, and write about a historical topic.

#### 24. Introducing ancient Chinese science and technology

- Can understand introductions to ancient Chinese achievements and scientific ideas, such as astronomy, architecture, mathematics, 古代四大发明, and scientists' stories. Can introduce and discuss them, read general articles, and write about an ancient scientific or technological achievement.

## HSK Levels 7-9 Tasks

At Levels 7-9, the original syllabus organizes language-use scenarios into three broad groups: life and social settings, work and professional settings, and education and academic settings. Each task is described from comprehension, expression, and translation. Comprehension appears in the test as listening and reading; expression appears as speaking and writing. Interactive tasks are not listed separately because they are reflected in expression tasks and partly in comprehension tasks.

### Life and social settings

#### 1. Exchanging and discussing personal information and life values

- Can understand and read introductions or comments about personal study, work, life experience, future plans, personality, hobbies, interpersonal relationships, fashion awareness, aesthetic preferences, and values; can infer social background and implicit purposes from complex social correspondence.
- Can speak or write detailed, clear, fluent introductions to these matters, express feelings and attitudes appropriately, and evaluate others' conduct and values with propriety.
- Can accurately and fluently translate personal-information descriptions in resumes, biographies, news reports, and similar materials into Chinese.

#### 2. Exchanging and discussing family situations and family values

- Can understand speeches at weddings and funerals and complex information about family history, family information, upbringing, family culture, property division, divorce, remarriage, Chinese family concepts, and marriage customs.
- Can describe and explain family history, upbringing, family culture, family members' personalities, and the influence of family environment; can express views on issues such as property division and child custody.
- Can translate speeches, letters, background descriptions, and other materials involving family information into Chinese.

#### 3. Exchanging and discussing community environment and community culture

- Can understand and read introductions or comments about housing attributes, public spaces, residential facilities, community culture, community systems, and related documents.
- Can describe and analyze housing, public spaces, facilities, community organizations, systems, population composition, and cultural features, and express views.
- Can translate oral or written materials about community culture into Chinese.

#### 4. Exchanging and discussing food knowledge and cooking skills

- Can understand introductions and comments about Chinese food and cooking, including catering forms, ingredients, food ideas, table etiquette, and cultural characteristics.

- Can explain these topics in detail and analyze differences in acceptance among Chinese and foreign customers, for example in a chain 火锅 restaurant model.
  - Can translate oral or written materials about food and cooking into Chinese.
5. Exchanging and discussing geography knowledge and travel experience
- Can understand descriptions and comments about natural landscapes, cultural features, history and culture, travel projects, and personal experiences, including travel posts about hiking, adventure, and camping.
  - Can describe landscapes and cultural features, explain history and culture, narrate personal travel experience, and evaluate travel models, arrangements, environmental conditions, and service quality.
  - Can translate materials introducing natural landscapes and cultural features into Chinese.
6. Exchanging and discussing health and medical topics
- Can understand analysis and comments on disease prevention, symptoms, causes, treatment, and medical ethics; understand diagnoses and treatment plans; and read health-related popular-science articles and basic drug instructions.
  - Can describe physical or psychological symptoms, analyze and comment on prevention, causes, treatment, and medical ethics, and discuss the influence of lifestyle and mindset on health.
  - Can interpret between doctors and patients and translate statements of illness, diagnoses, treatment plans, medication instructions, and health-related popular-science materials into Chinese.
7. Exchanging and discussing sports and sportsmanship
- Can understand detailed sports reports and comments, explanations of sports and rules, and analysis of sportsmanship and sports culture, such as local folk wrestling customs and rules.
  - Can describe a sport's process and features, comment on athlete performance, results, and sports culture, and explain technical essentials of a sport.
  - Can translate non-highly-specialized sports materials into Chinese.
8. Exchanging and discussing China's national conditions and culture
- Can understand detailed introductions, descriptions, analyses, and comments about important areas of China past and present, such as minority architecture and customs.
  - Can analyze important ideas, people, things, events, and phenomena in depth and express views on the history, present, and future development of China's society, economy, and culture.
  - Can translate materials about China's national conditions and culture into Chinese.
9. Understanding relevant regulations and protecting lawful rights
- Can understand contracts, agreements, personal/property-safety regulations, rights-related regulations, and the claims of parties in disputes, such as details of a lease contract.
  - Can explain responsibility in a dispute, negotiate with stakeholders, express feelings, and state rights claims with evidence.
  - Can interpret or translate for parties in disputes and translate materials needed to resolve problems into Chinese.
10. Appreciating and commenting on literary and artistic works
- Can understand excerpts from Chinese film, television, drama, modern and contemporary prose, poetry, and fiction, and understand language artistry and cultural meaning, as well as popular analysis and comments.
  - Can analyze excerpts in depth and explain views in an organized way, such as the role of characterization in a novel.
  - Can translate excerpts of literary and artistic works into Chinese.
11. Analyzing and commenting on current news and media/publishing issues
- Can understand news reports, comments, in-depth reporting, interviews, and analyses in Chinese media, and discussions of online media responsibility, information security, and copyright protection.
  - Can analyze news events and media issues and present views, such as negative phenomena of rumor-spreading or malicious defamation online.
  - Can translate news reports and related comments into Chinese.
12. Analyzing and commenting on economic and trade issues
- Can understand introductions, analyses, and comments about market dynamics, economic policies, economic hot topics and trends, and consumption hot topics and trends, such as policy documents on economic-system reform.
  - Can express organized views on such issues and discuss the significance of topics such as hybrid rice research and planting.
  - Can translate oral or written economic materials into Chinese.

### 13. Analyzing and commenting on science and technology issues

- Can understand popular introductions, analyses, and comments about science and technology, especially information technology, cybersecurity, aerospace, biochemistry, and other emerging technologies.
- Can express organized views on the development of these technologies and analyze the influence, benefits, and disadvantages of 人工智能 for life and work.
- Can translate science and technology news reports and popular-science articles into Chinese.

### 14. Analyzing and commenting on international hot issues in human social development

- Can understand discussions, lectures, and articles about world-heritage protection, ecological protection, public health events, and the building of a community with a shared future for humanity.
- Can present organized views on these issues, such as poverty elimination, ecological protection, and global/local relations.
- Can translate oral or written materials about hot issues in human social development into Chinese.

## Work and professional settings

### 15. Understanding and exchanging information about institutions and industry development

- Can understand detailed introductions to an institution or industry and to specific production, trade, and management processes, and infer key professional terms from context.
- Can introduce and analyze the overview of an institution or industry, such as the current state and trends of China's sharing economy.
- Can translate materials introducing institutions, industries, production, trade, and management processes into Chinese.

### 16. Conducting business cooperation and business exchanges

- Can understand partners' willingness to cooperate, problems in cooperation, and specific conditions and requirements, including implicit or tactful requests about benefits and responsibilities.
- Can express willingness to cooperate and respond clearly and appropriately to partners' questions, conditions, requirements, and responsibilities.
- Can interpret in cooperation negotiations and translate written negotiation materials into Chinese.

### 17. Understanding laws and regulations and handling public relations

- Can understand laws, regulations, and documents related to institutional operations and daily business, and understand government or partner correspondence and its deeper meaning.
- Can clearly and fully express an institution's viewpoint and attitude to the outside world, such as drafting statements to clarify rumors or respond to infringement.

### 18. Understanding human-resource policies and handling personnel relations

- Can understand materials about human-resource policy, job responsibilities, and performance evaluation, as well as leaders' instructions and employees' claims about treatment.
- Can explain HR policies and rules, or express requests about personnel relations and career development clearly and appropriately, such as writing an application for further study.
- Can translate notices, requirements, claims, and written materials about personnel relations into Chinese.

### 19. Clarifying work plans and task responsibilities

- Can understand overall plans and specific tasks for business projects, such as a marketing plan.
- Can assign work clearly and specifically, summarize or report progress, and explain project plans and responsibilities in meetings.
- Can translate oral or written work plans and arrangements into Chinese.

### 20. Communicating with service recipients

- Can understand detailed feedback on products and services, grasp clients' real intentions, understand accented or non-standard Putonghua, and read formal and informal client correspondence.
- Can explain product features, usage, service content, and precautions to clients clearly and in detail.
- Can translate product descriptions, service plans, agreements, and other not-too-specialized materials into Chinese.

### 21. Conducting market research and analysis

- Can understand market research and analysis reports, such as demand for elder-care services.
- Can analyze and explain statistical results, clarify correlations and overall patterns, and make suggestions based on data.

- Can translate market-analysis reports in an industry field into Chinese.

## 22. Understanding and drafting documents and copywriting

- Can read institutional documents and materials and understand oral summaries of drafts, such as exhibition panels and commentary drafts.
- Can orally summarize key points and draft documents or copy, such as meeting minutes from board-meeting records.
- Can translate company documents and copy into Chinese.

## Education and academic settings

### 23. Understanding and discussing school systems

- Can understand school management systems such as student-status management, course-study plans, and reward/punishment rules, including detailed conditions and procedures for degree applications.
- Can explain school systems clearly and in detail, including background and meaning of correspondence between institutions.
- Can translate regulations about education systems and student-status management into Chinese.

### 24. Studying and completing general-education and foundational professional courses

- Can understand lectures and materials for general-education and foundational professional courses, quickly read teaching materials and literature, grasp structure, record key content, and ask questions.
- Can speak in class or group discussions and write notes, book reports, research summaries, and similar texts.
- Can translate oral or written materials on general humanities and social-science topics into Chinese.

### 25. Obtaining and using learning resources

- Can understand explanations of learning resources and ways to obtain them, such as how search-engine algorithms affect results.
- Can contact others to obtain resources effectively and explain access channels, use purposes, and usage results clearly and in detail.
- Can translate information about learning resources into Chinese.

### 26. Understanding experimental requirements and rules and completing laboratory reports

- Can understand requirements, procedures, safety notices, and equipment-use rules for experiments in foundational professional courses, including management rules for flammable or explosive items.
- Can summarize and report experimental results, such as writing a laboratory report from process and result records.
- Can translate materials needed for experiments into Chinese.

### 27. Carrying out academic research activities

- Can understand academic reports and literature with some specialization, summarize core views, identify possible language and logical problems, and evaluate content and arguments.
- Can design research, organize materials, analyze data, discuss arguments, write abstracts, background, literature reviews, conclusions, and respond to questions in defense.
- Can translate excerpts of academic papers with some specialization into Chinese.

### 28. Participating in academic exchange and discussion

- Can understand different academic views and research results, infer terminology from context, grasp key issues and details, and participate in discussion.
- Can communicate and discuss general topics and foundational topics in humanities and social-science fields, presenting views and reasons.
- Can translate information, speech points, and materials from academic exchanges into Chinese.

### 29. Understanding professional internship requirements and rules and completing internship reports

- Can understand professional internship requirements, work arrangements, and management rules, such as clinical-internship equipment-use regulations.
- Can summarize and report internship outcomes and write internship summaries from relevant materials.
- Can translate materials involved in internships into Chinese.

### 30. Participating in student-association and social-practice activities

- Can understand complex information about student associations and social practice, such as conditions and application procedures for establishing a student association.
- Can report plans, processes, and outcomes of activities in detail, make formal speeches, and speak appropriately and in depth on formal visits.
- Can interpret in formal settings and translate materials related to student associations and social practice into Chinese.

# HSK Topic Syllabus

The topic syllabus is presented with the original three-level structure. Topic labels are translated; HSK vocabulary examples that appear as vocabulary items are kept in Chinese according to the translation policy.

## HSK Level 1 Topics

5 first-level topics, 15 second-level topics, 30 third-level topics

| First-level topic      | Second-level topic              | Third-level topic                                                  |
|------------------------|---------------------------------|--------------------------------------------------------------------|
| Basic information      | Personal information            | name, nationality, age, gender, preferences, habits, etc.          |
|                        |                                 | identity, family members, friends, skills, etc.                    |
|                        | Event information               | date, time, place, direction/location, participants, numbers, etc. |
|                        | Object information              | object names                                                       |
|                        |                                 | object features                                                    |
|                        | Environmental/place information | Weather                                                            |
|                        |                                 | Environmental features                                             |
|                        | Interaction                     | Basic polite behavior                                              |
|                        |                                 | Simple interactive behavior                                        |
|                        |                                 | Wishes and feelings                                                |
| Daily life             | Food and dining                 | Food and drink                                                     |
|                        |                                 | Dining                                                             |
|                        | Transportation and travel       | Asking directions                                                  |
|                        |                                 | Travel modes                                                       |
|                        |                                 | Travel arrangements                                                |
|                        | Shopping                        | Product names                                                      |
|                        |                                 | Product prices                                                     |
|                        |                                 | Product selection                                                  |
|                        | Medical care and health         | illness, seeing a doctor, visiting the sick, etc.                  |
|                        | Leisure                         | Leisure activities                                                 |
| Education situations   | Study situations                | Course information                                                 |
|                        |                                 | Learning content                                                   |

# HSK Vocabulary Syllabus

The vocabulary words themselves are not translated. Table headings and part-of-speech labels are translated. When a level field includes another level in parentheses, the original cross-level notation is preserved.

## HSK Level 1 Vocabulary

300 entries

| No. | Level | Word | Pinyin       | Part of speech                |
|-----|-------|------|--------------|-------------------------------|
| 1   | 1     | 爱    | ài           | v.                            |
| 2   | 1     | 八    | bā           | num.                          |
| 3   | 1     | 爸爸   | bàba         | n.                            |
| 4   | 1     | 吧    | ba           | part.                         |
| 5   | 1     | 白天   | báitiān      | n.                            |
| 6   | 1     | 百    | bǎi          | num.                          |
| 7   | 1(4)  | 半    | bàn          | num., (adv.)                  |
| 8   | 1     | 包子   | bāozi        | n.                            |
| 9   | 1     | 杯子   | bēizi        | n.                            |
| 10  | 1     | 本1   | běn          | mw.                           |
| 11  | 1     | 边    | biān         | n., suffix                    |
| 12  | 1     | 病    | bìng         | n., v.                        |
| 13  | 1     | 不    | bù           | adv.                          |
| 14  | 1     | 不客气  | bú kèqi      |                               |
| 15  | 1     | 不要   | búyào        | adv.                          |
| 16  | 1     | 菜    | cài          | n.                            |
| 17  | 1     | 茶    | chá          | n.                            |
| 18  | 1     | 唱    | chàng        | v.                            |
| 19  | 1     | 超市   | chāoshì      | n.                            |
| 20  | 1     | 车    | chē          | n.                            |
| 21  | 1     | 吃    | chī          | v.                            |
| 22  | 1     | 出租车  | chūzūchē     | n.                            |
| 23  | 1     | 穿    | chuān        | v.                            |
| 24  | 1     | 打电话  | dǎ diànhuà   |                               |
| 25  | 1     | 大    | dà           | adj.                          |
| 26  | 1     | 大家   | dàjiā        | pron.                         |
| 27  | 1     | 大学   | dàxué        | n.                            |
| 28  | 1     | 大学生  | dàxuéshēng   | n.                            |
| 29  | 1     | 到    | dào          | v.                            |
| 30  | 1     | 的    | de           | part.                         |
| 31  | 1     | 第    | dì           | prefix                        |
| 32  | 1     | 弟弟   | dìdi         | n.                            |
